Why Exhibit at the Crimes Against Children Conference?

The Crimes Against Children Conference is celebrating its 28th anniversary this year!

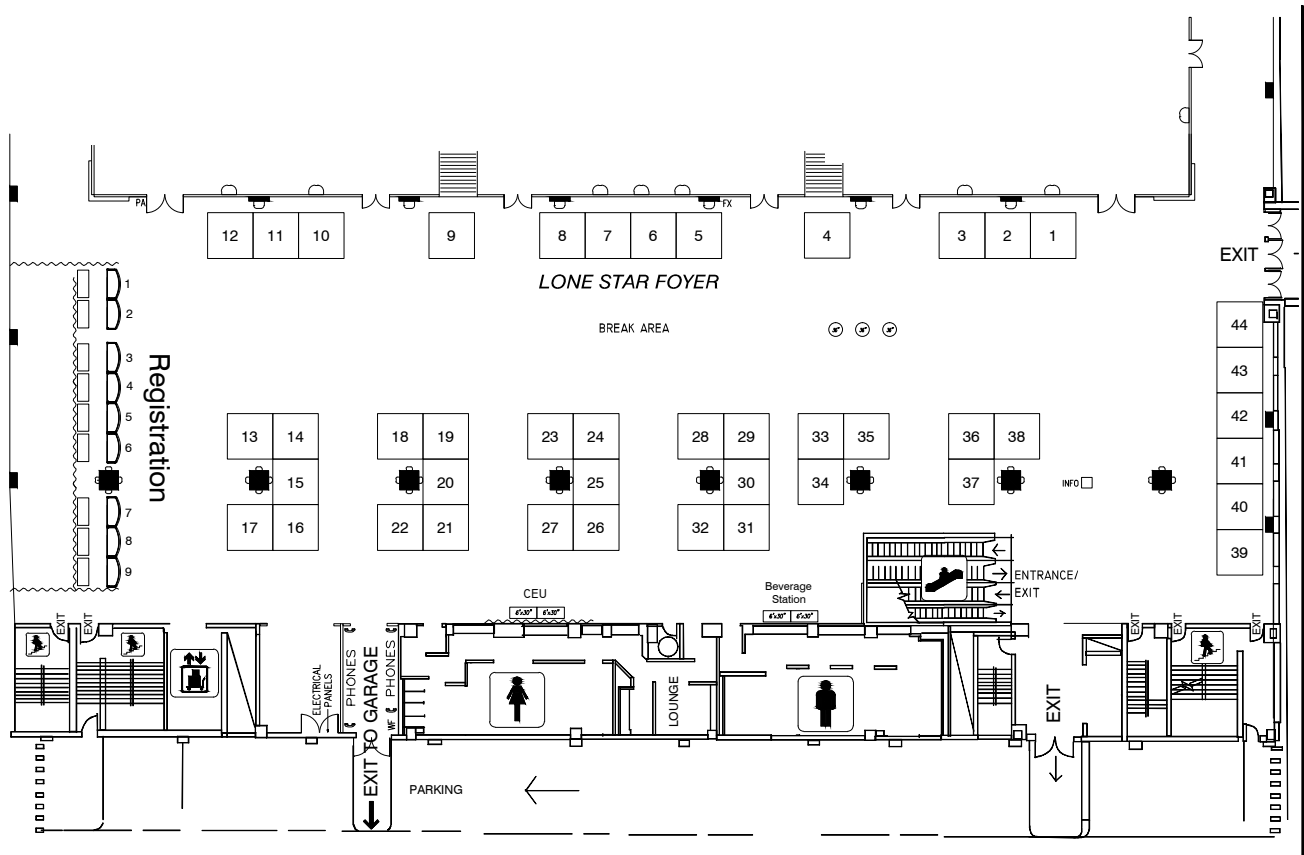

We are expecting more than 3,900 professionals from every state in the US and numerous other countries to attend the conference to hear from more than 200 expert faculty conducting more than thirty concurrent tracks of instruction and hands-on computer labs.

If your organization is interested in the health and safety of children, or in training law enforcement, child protective services personnel, prosecutors and other professionals involved in protecting children, this premier, internationally-recognized conference is a must for your marketing dollars. Retail sales, law enforcement equipment, professional training, technology equipment and forensic software are among our most popular exhibits.

This is the largest conference of its kind in the world, that provides both basic and advanced training in the detection, investigation, prosecution, and healing interventions in all types of child victimization, including physical and sexual abuse, neglect, fatalities, sexual exploitation, abduction, trafficking and Internet-related exploitation.

Don't miss out on this affordable exhibit opportunity and the chance to meet thousands of future sales prospects!

“I was blown away by this conference. It exceeded all of my expectations.”

“This was the largest, best organized and most informative conference I’ve attended in my career with the FBI. Well done.”

“I thought this was a phenomenal conference! I have 21 years in law enforcement and have been to numerous training courses/conferences; this is by far the best. Extremely well organized. As an ICAC commander, I would recommend this for any and all persons that work in the child exploitation arena.”

Upgrade your Exhibitor Experience

These upgrades are for registered Exhibitors who have confirmed booth space.

Exhibitor Workshops

Exhibitor demonstrations will be scheduled on Tuesday and Wednesday in 75-minute time slots. The conference will provide a classroom (approximate capacity 70) with a projector and a screen. Your exhibitor workshop description will be included on the conference website and each day during the conference on the informational plasma screens, located throughout the conference. Information about your session(s) will be included in the printed onsite program (if content is received before print deadline.) To encourage attendance at exhibitor workshop, the conference will supply a door prize for a drawing that will take place Wednesday evening, at the evening social event. Each time an attendee attends an exhibitor workshop, they will receive an entry for the drawing. The more exhibitor workshop a participant attends, the better their chances of winning. The conference will supply a volunteer to distribute the door prize tickets at the end of each workshop. With the purchase of four or more workshop sessions, arrangements may be made for a special registration for your sessions.

Conference Bag Inserts

Conference bag inserts are an excellent way to put information about your product, service or organization in the hands of thousands of conference attendees. You supply the item you would like to include in the conference bag. It can be a brochure, flyer, discount coupon, magnet, pen or other item to advertise your product or service to conference attendees. We do all the work to ensure every conference attendee receives this item in their conference bag, when the attendee checks in at conference registration. This year, we anticipate total conference attendance to exceed 3,900! This is extraordinary exposure for your product. Item(s) submitted for insert must be approved by DCAC in advance. Please remember, each item type counts as a separate insert. For example, if you wish to provide a brochure and a pen, that would be considered as two inserts.

Pre and Post Conference Email Blasts

This upgrade allows you to compose and design a message to be sent to all registered conference attendees via email. You can choose to send your message just before the conference begins to announce your participation as an exhibitor and possibly offer incentives to attendees to visit your booth. You can also choose to send your message in the immediate week or two following the conference to help attendees remember your product or service. Each message is considered as an individual email blast. Your message is subject to review and approval by DCAC.

All upgrades can be selected when you register, or can be added later!
